

CLAIM HUGHES VICTORY

Willcox Says Nominee Will Have 301 Electoral Votes

DEMOCRATS CLAIM VICTORY FOR WILSON

BOTH PARTY MANAGERS ARE CLAIMING THE DOUBTFUL STATES

Early Morning Returns Come in Slowly—Official Counts May Be Necessary in Some Places to Determine Results—As Hours Drag on it Becomes More and More Evident it Will Be a Close Election.

NEW YORK, Nov. 8.—At an early hour this morning Democratic Chairman McCormick was claiming at least 268 votes for President Wilson in the electoral college and Republican Chairman Willcox claimed 301.

Each was claiming the doubtful states, Kentucky, Kansas, Montana, Nebraska and Washington on the face of early returns were leaning toward President Wilson. Maryland seemed almost certainly Democratic. Missouri, Indiana, West Virginia, Arizona and Delaware were leaning toward Hughes.

Chairman McCormick, however, claimed the president could have a majority of two votes in the electoral college without carrying California, Indiana, North and South Dakota, West Virginia or Wisconsin, for which returns were far from complete in the showing a Republican trend. The early morning returns came in slowly.

Managers of both parties were anxiously watching Ohio and both were claiming victory. As the hours dragged on it became more and more evident it would be a close election and there appeared possibilities that in some places it might be necessary to resort to official counts to determine the results.

Altho the metropolitan newspapers which have supported President Wilson conceded his defeat the Democratic managers insisted complete returns from the west would reverse the trend which steadily seemed to be piling up the Hughes vote.

"Remember 1912" was the prediction of the Democratic bureau.

Soon after midnight the Republican national committee in an official statement claimed California, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Dakota, Oregon, Pennsylvania, Rhode Island, South Dakota, Vermont, Washington, West Virginia and Wisconsin.

That made a total of 284 electoral votes, 18 more than the necessary 266 for an election.

When shown the list of states claimed by the Republican national committee Robert W. Woolley, director of publicity of the Democratic committee said the claim of the Republicans was without foundation. Mr. Woolley said that of the states named, Connecticut, Idaho, Delaware, Ohio, Massachusetts, North Dakota, Oregon, South Dakota, Washington, West Virginia and Wisconsin were as near Democratic as Republican.

These states Mr. Woolley declared, were certainly for Wilson and in all other states reports showed that Wilson was leading.

At 3 o'clock Mr. McCormick grew even more optimistic with regard to President Wilson's chances saying that he would receive 294 electoral votes as against 240 for Hughes. Democratic committee chairmen said Mr. McCormick had furnished the figures on which the deduction was made.

"Wilson's vote is growing every minute," said Mr. McCormick.

Chairman Willcox said he did not desire to change his previous estimates.

CONTINUE EFFORTS TO IDENTIFY SHOOTERS

SEATTLE, Wash., Nov. 7.—The Snohomish County authorities assisted by the Seattle police, in whose custody 289 persons are held in connection with Sunday's fatal clash between members of Industrial Workers of the World, and a posse of Everett, Wash., citizens continued their efforts today to identify the men who actually engaged in the shooting.

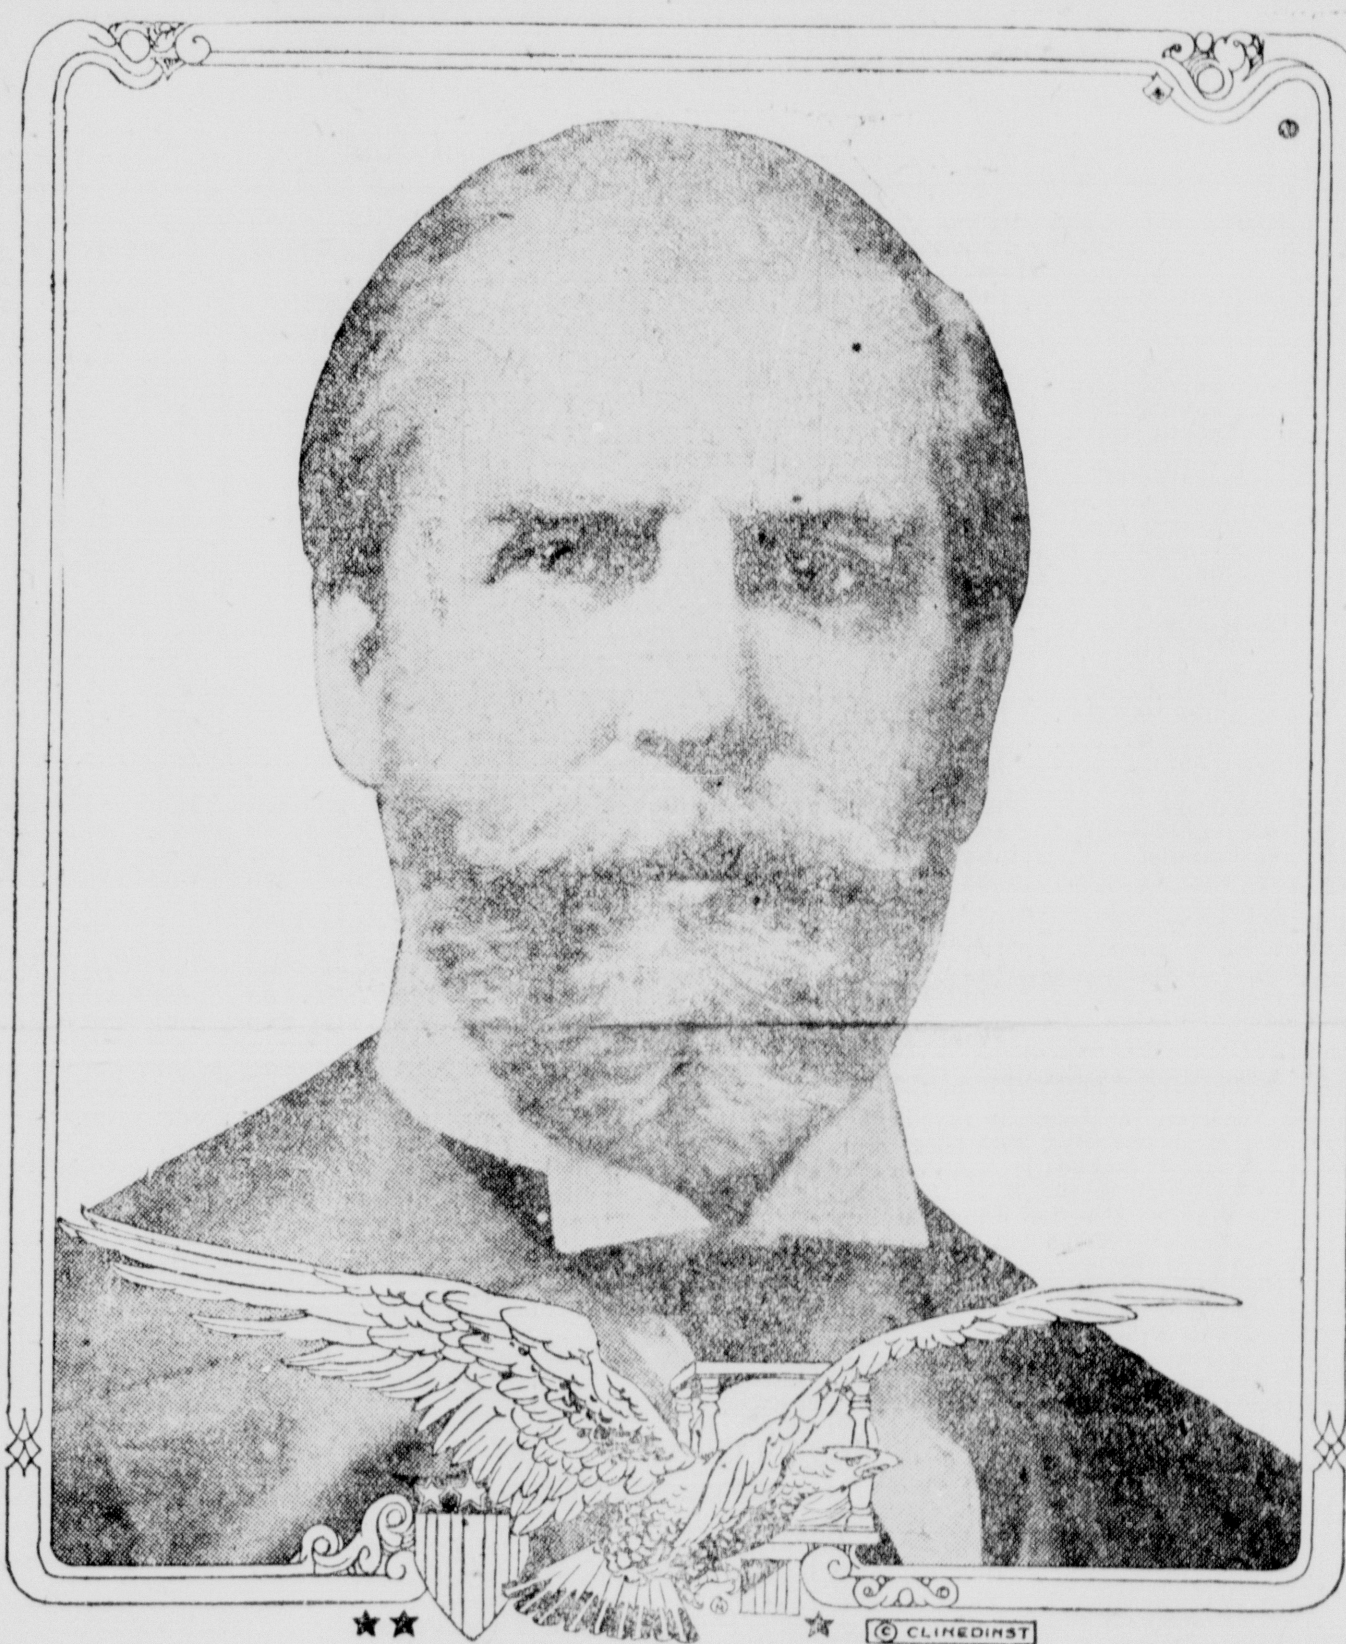

Witnesses thus far brought from Everett have been unable to pick out any men who were seen to fire at the citizens on the Everett City dock.

Meanwhile the local headquarters of the Industrial Workers of the World is arranging for the defense of the men under arrest.

William J. Blackman, a mediation commissioner of the United States department of labor has begun an investigation of the Industrial conditions at Everett with reference to Sunday's rioting.

PRESIDENT REFUSES TO MAKE CONCESSIONS

Insist News from Western States Will Be Awaited

Executive Reads Returns in His Study at Shadow Lawn—Remains Cheerful in the Face of Discouraging Returns.

Long Branch, N. J., Nov. 7.—In face of returns up to 10 o'clock indicating the election of Charles E. Hughes, President Wilson and his official family here late tonight insisted news from Western states would be awaited before any concessions were made. The president, surrounded by members of his immediate family read the returns in his study at Shadow Lawn. He heard only the more important bulletins by telephone from Secretary Tamm who with white house attaches, received the details reports by telegraph at the executive offices in Ashbury Park.

As continued discouraging news came to the executive offices disappointment was generally expressed, but the president himself remained cheerful. He filled the time between receiving returns by talking with Mrs. Wilson, Miss Margaret Wilson and other relatives. Mr. Wilson displayed keen interest in the returns indicating the probable complexion of the next house and senate. Discouraging as well as hopeful news was sent to him by Secretary Tamm. No effort was made to conceal the fact that the outlook was not bright. Returns from Western states, however, were awaited eagerly.

Out in the seclusion of Shadow Lawn the president was amid quiet but the executive offices were surrounded by an excited crowd. Netx door a newspaper flashed bulletins. Apparently the president was the most cheerful person here. Those who talked with him said he showed no impatience. He began receiving returns shortly after six o'clock and after eating dinner with members of his family began getting them.

CONGRESS' COMPLEXION REMAINS IN DOUBT

Democrats Insist Control of House Has Not Been Lost

Certain Senate Will Remain Democratic—Republican Leaders Claim the House and Are Still Hopeful of Victory in the Senate.

New York, Nov. 7.—Congressional election returns were insufficient at 11 o'clock tonight to indicate what would be the complexion of congress. At that hour, however, the Republicans had gained two senators, one in New York, and one in Maine, elected last September, and the indications were that they would gain at least three more, two in Indiana and one in New Jersey. To gain control of the senate the Republicans must win nine seats besides holding their own.

HUGHES RETIRES AT 1:15 THIS MORNING

Leaves Instructions That He is Not To Be Disturbed

Nominee Expects to Get up at 7 O'clock to Receive Further Reports—Declines to Comment on Reports Received up to Bedtime.

New York, Nov. 8.—Charles E. Hughes sat up with his family to receive election returns until 1:15 a. m. He then went to bed, closed up his personal headquarters, silenced the telegraph instruments over which he had been receiving returns and left instructions that he was not to be disturbed, no matter what news belated despatches contained.

Mr. Hughes expects to get up at 7 a. m. today to receive further reports. He declined to make any comment on the reports received up to bedtime.

Receives Returns at Hotel.

New York, Nov. 7.—Charles E. Hughes and his family received the election returns here tonight at the uptown hotel which has been the Republican nominee's headquarters since his nomination.

When the early returns began to come in Mr. Hughes was asleep. He slept until 6:30 o'clock. Meantime the telegraph instruments in an adjoining room had been clicking for two hours and a sheet of news showing the trend of New York was awaiting Mr. Hughes.

Mrs. Hughes and their three daughters, the Misses Catherine, Elizabeth and Helen, scanned the returns over Mr. Hughes' shoulder. Presently Charles E. Hughes, Jr., and his wife and daughter, Dr. Colin S. Brown, Mrs. Hughes' brother, also joined the group. Dinner was ordered, the first in months at which the entire family had been present.

Returns soon came in faster and dinner was neglected to read them. A huge electric sign several blocks away that flashed the returns from New York divided the family's attention with the telegraphic reports. They lingered at dinner until late and the group in the corridor opposite the telegraph room heard frequent outbursts of laughter.

At 9 o'clock Mrs. Hughes congratulated her husband on his election. She told him then that he had been elected. Mr. Hughes' daughters also congratulated him. Mr. Hughes gave out no statement.

CANNON RECEIVES RETURNS AT HOME

DANVILLE, Ill., Nov. 7.—"Uncle Joe" Cannon received election returns in the library of his home here tonight. He was visibly gratified over the evident election from the first of Hughes. He said:

"There seems no doubt of Republican success and I am sure glad of it. The Republicans have the president and the house, and I hope complete returns will show that we have the senate. I think it was vital to all the people of the United States that the Republicans should come into power with sufficient majorities to re-enact protective tariff and put back into operation the policies under which this country has always prospered."

Lowden Has Plurality Slightly Less Than 100,000 Votes

G. O. P. Candidates for Congressmen-at-large Leading At Midnight

HEAVY VOTE IS CAST

GOVERNOR DUNNE CONGRATULATES LOWDEN.

Chicago, Nov. 7.—Governor Dunne, Democrat tonight conceded his defeat in a telegram of congratulations to his Republican opponent, Colonel Frank O. Lowden.

The message sent from Governor Dunne's hotel in this city follows:

"Colonel Frank O. Lowden, Oregon, Ill.
"The vanquished salutes the victor. I wish you continued good health and prosperity and a successful administration.
(Signed) "Edward F. Dunne."

Chicago, Nov. 7.—Returns received up to midnight tonight indicated a Republican victory in Illinois by a plurality estimated by Republicans at more than 100,000 for Charles E. Hughes and slightly smaller pluralities for the Republican state ticket, headed by Frank O. Lowden, for governor.

Estimates based on returns up to that hour indicated a plurality for Hughes in the state outside of Chicago of more than 100,000, while Hughes was leading slightly on incomplete Chicago returns. The race in Chicago, however, was close. Lowden was opposed by Governor Edward F. Dunne, Democrat, seeking re-election. The vote was heavy throughout the state. In Chicago it was estimated at more than 90 per cent of the registration.

Women, who voted for the first time in Illinois on the presidential issue, maintained about the same ratio of preference for Hughes or Wilson as the men.
Returns at midnight indicated the election of fourteen Republican and four Democratic congressmen a gain of two for the Republicans with seven districts still in doubt. The Republican candidates for congressmen-at-large also were leading at that hour. Among the congressmen re-elected, according to returns at midnight, were William B. McKinley, James H. Mann, Ira C. Copley, George E. Foss and Fred A. Britten.

When less than a fourth of the voting precincts in Illinois had reported, a total of approximately 450,000 had been counted.

Election officials estimated the state's total vote would be at least 1,700,000 as compared with 1,146,173 in the presidential election of 1912.

Altho downtown Chicago was filled tonight with a cheering, horn tooting crowd that blocked traffic and kept mounted policemen reported an apparently quiet day.

Early in the evening the Republicans claimed that William E. Mason, former United States senator, and Medill McCormick had been elected as congressmen at large.

Women cast approximately 38 per cent of the vote in Illinois according to the estimates based on 2,276 out of 5,369 precincts. Their vote in these precincts was 309,517, divided 143,892 for Wilson and 185,825 for Hughes. The total vote in these precincts was 794,359.

HUGHES CONGRATULATES GOVERNOR WHITMAN

CAR GOES THRU OPEN

DRAW; FIFTY ARE LOST

Fire Boats and Tugs Rescue
Twelve Persons from Water

Forty-four Bodies are Recovered by Divers and by the Police. With Grappling Irons—All Bodies Recovered are Those of Men.

Boston, Nov. 7.—Nearly fifty people lost their lives when a surface trolley car of the Boston Elevated Railway company plunged thru an open draw at the Summer street bridge tonight.

The car is believed to have carried sixty people, a few of whom, probably not more than ten in all, escaped by jumping. The remainder, imprisoned in the closed car, went to their death at the bottom of Fort Point Channel.

The cause of the accident had been determined at a late hour. The motorman, Gerald Walsh, who, with the conductor, George McKeon, saved himself by jumping, asserted that the bridge was not properly lighted and that he saw no signals indicating that the draw was open. The bridge tenders in charge of the draw said that the red signal lights on the gate were showing as usual.

Forty-four bodies had been recovered by divers and by the police with grappling irons at a late hour.

Altho early reports said the passengers included a number of women and children all the bodies recovered were those of men.

Gerald Walsh motorman of the car who jumped before it went over the edge of the draw, asserted that the accident was due to the lack of a light on the gates protecting the opening. He and George McKeon, the conductor who also leaped and so saved his life were arrested on

technical charges of manslaughter. The conductor was insolent and the police were unable to learn exactly the number of his passengers. Some of the rescued people estimated the number of passengers at upward of fifty.

J. Harvey White, publicity agent of the Boston Elevated railway in a statement issued soon after the accident said his information agreed with that of the police that about 33 persons were unaccounted for.

Most of the passengers were employees of the Western Electric company's factory in South Boston and were returning to their homes from work. Many women and children were included in the numbers. The car was of the closed type with a narrow door at each end so that escape was impossible except for those on the platforms.

The first assistant draw tender, Timothy J. Shea who was in charge of the bridge, disputed the statement of the motorman that there was no light at the draw. Shea said the usual red signal lights were on the gate. He was not sure, he said, whether the are lamp on the bridge was lighted.

The draw tender said that he received a signal about 5:25 p. m. from the trolley car. He said that he looked around the car went right thru the gate of the draw and plunged into the channel. Only the rear trucks remained on the rails the body of the car breaking away from the trucks and disappearing under the water.

Recalls Eastland Disaster.
Chicago, Nov. 7.—The accident to employees of the Western Electric company at Boston recalled the Eastland disaster in Chicago a year ago last summer. When the steamer Eastland turned over in the Chicago river, she had on board a big excursion party of employees of the Western Electric and their families, 890 of whom lost their lives.

ADD HUGHES RECEIVES
A crowd of thousands with brass bands gathered in the hotel where Mr. Hughes was staying and at 11 o'clock sent up a committee requesting the nominee to appear before them. Mr. Hughes sent back word that he appreciated the request, but did not wish to appear until the result was demonstrated beyond doubt. The crowd went away.

The Defeated

Since all the campaign flags are
torn, the last spinnibinder's bleated,
the saddest thing in this old world
is one who was defeated. Until the
last he hoped to win; now drearily
he hikes it, and wears a weird and
wintry grin, and would pretend he
likes it. "I did my best while in
the game," he says, his eyes
abriming tears, "I gave it all
my name, since in the joy of the
swimming." Will he get back to
honest toil, to wise and sane en-
deavor? No! One campaign's en-
ough to spoil a patriot forever. The
lust for office in his blood he'll
never quit his running, altho he
meets a nasty thud whenever he
goes gunning. To save the dear old
spangled flag and serve the darling
people, all thru his years he'll chew
the rag, on forum, stump and steep.
For weeks and months our
weary ears his piffle have been
traded; now for the winners we
have cheers, and guns for the de-
feated.

develop greater beauty of tone with use

WHILE quite the contrary is true of most pianos. We are all familiar with the piano that develops a metallic tone after a few years' use.

You don't want that kind. You want one that your children and grandchildren will enjoy, as well as give you pleasure for a lifetime. The children can't practice away its marvelous beauty of tone because it is the permanent result of careful planning and construction.

When you own an Ellington Piano, you can be sure that even greater beauty of tone will be revealed with use, than that which first appealed to you.

ELLINGTON PIANOS are also made as Player Pianos. The Ellington Mando, a player piano that is all but human, is indeed a triumph of tone and technique. Be sure to examine it.

CAPTAIN SAYS LANAO FLIED AMERICAN FLAG

LONDON, Nov. 7.—Captain Mainland, master of the Lanao telegraphed from Cardiff the following signed statement: "The Lanao sailed from Hong Kong under the American flag which flew day and night and was flying when sunk. I heard rumors of sale but nothing certain. The submarine captain gave a receipt for the ship's papers as from an American ship. The legal status of the vessel was Philippine registry under American protection which gave the right to fly the American flag."

CARRANZA STATES HE WILL NOT RESIGN

MEXICO CITY, Nov. 7.—General Venustiano Carranza announced to The Associated Press today that he would not resign as first chief because of his candidacy for the presidency of the republic. He said if he regarded it advisable he would withdraw from his official post just before the elections.

General Carranza added that up to the present time the relations between Mexico and the United States had not been strained.

BRYAN HOPEFUL OF WEST

Lincoln, Neb., Nov. 7.—At 10 o'clock W. J. Bryan said in answer to a request for a statement that while the returns from the eastern states seemed favorable to Hughes he was hopeful the middle west and far west would change the outlook. It was too early, he said, to make any concessions of democratic defeat or to comment on the possible result.

The open meeting of the Virginia Woman's club was held Saturday at the Church of Christ, the club rooms being too small to accommodate the vast crowd who assembled to hear Hon. George H. Wilson's address on "Laws of Women and Children." Mr. Wilson's visit to Virginia was enjoyed by all, he being a former Virginia boy and his mission to Virginia being in the cause of temperance made him doubly welcome. He also made a political address at the Tureman opera house at 2 o'clock to a full house of enthusiastic voters.

Mr. Andrew Russell, candidate for state auditor, was in this city Saturday calling on friends and attending the Republican rally. He was accompanied home by Hon. George H. Wilson, who spoke in Jacksonville Saturday evening.

Miss Nelle Irvine was a week-end guest of Miss Addie Smith at Garney.

A party of youths in this city whose names are being withheld, stole an auto belonging to Mr. John Washington, which he had left in front of the Methodist church while he was attending services last evening. They were captured on the road to Beardstown, where they were driving at the rate of sixty miles an hour. Investigation in the matter will be made this evening before the local authorities. It might be well to refer to the old adage, "A stitch in time saves nine."

Mr. and Mrs. Thos. Trimble of Girard motored to this city and spent the week-end with their daughter, Mrs. Earl Smith.

FROM THE EDUCATOR'S NOTEBOOK

A "police course" the first of its kind to be conducted under university auspices in the United States will be opened this month at Harvard for police officers. The instruction will deal with the matter of organization the keeping of station house records identification systems and to some extent, with psychology as it relates to the interrogation of persons arrested. The course was organized upon the suggestion of the mayor of Cambridge, Mass., where Harvard University is situated.

Every one of the four hundred boys students in the School of Agriculture of the University of Minnesota is self-supporting. The average age of the boy entering is nineteen years. This factor of maturity means the earning of good wages in the summer and since nearly all of these young men work on farms, the opportunity for spending their vacation earnings is minimized. Besides this, their vacation season comes when the highest wages of the year are paid for farm work.

A Carleton professorship in Hillsdale College, Mich., the alma mater of the late Will Carleton, beloved Michigan poet, by the Will Carleton Memorial association, as a permanent memorial. Funds to the amount of \$50,000 are being raised for the endowment of the chair.

The University of Illinois is to be enriched by the building of a magnificent new Music Building, for which ground has been broken in the university grounds at Urbana. The building is to cost \$250,000 and is the gift of Capt. Thomas J. Smith, a Civil War veteran, noted lawyer and one of the largest landowners in the corn belt. The announcement of this princely gift to the institution at Urbana comes soon after the appropriation of \$5,000,000 by the Illinois legislature for a new building to house the School of Education. This provision excels in generosity of treatment the record of any other university in the United States.

American bibliophiles have heard with much interest of the gift recently made to the Newberry Library of Chicago, of the first choir book ever printed on the continent, which was in Mexico, in 1576. It is one of four copies in existence, the other three being in London, Berlin and Mexico. The giver was the Most Rev. Francisco Plancarte, Archbishop of Monterrey, Mexico, and at present an exile in Chicago, and whose private library was destroyed by a Carranza force before his taking flight to the United States. The book is called a "gradual dominical" and was found among the ruins of an Indian church in 1913, after its destruction by the Mexicans in an attack on the Zapatistas. The book is remarkably well printed, with a cover of wood encased in rough pigskin. The publisher and date on the first page are Pedro Cordero, 1576.

An invitation of the Japanese to hold the next convention of the world's Sunday School association in Tokyo has been accepted. The convention will be held after the close of the war, and will mark the opening of a new epoch in the relations of Japan, at this day growing ever more liberal, with the Christian nations of Europe and America. The association represents 304,000 Sunday schools in all countries and has a membership of 31,000,000. Thomas Robinson Ferens, member of the British parliament, is the president general.

Dr. Stephen Herbert Langdon, of Oxford University, the noted Sumerian and Babylonian scholar, will spend the coming year as curator of the Babylonian section of the University of Pennsylvania museum. Dr. Langdon expects to spend much of his time in translating and cataloging the many thousands Sumerian and Babylonian tablets in the museum. His acceptance of the appointment was made possible because the war has depleted to such an extent the students in his department at Oxford, where he has been since 1908 reader of Assyriology and comparative Semitic philology.

The Clio Circle of the Literberry Christian Church will hold their annual Parcel Post Sale, Bazar, and Cafeteria Supper in the Church parlors Thursday evening, Nov. 9, 1916. Literberry, Ill.

CAST HER FIRST VOTE

AT 89 YEARS.

A dramatic incident occurred at the Markham precinct polls yesterday morning when the venerable Mrs. John Sargent cast her first vote at the age of 89 years. All who knew her husband, the late Rev. John Sargent, know what a staunch Republican he was and how devoted he was to the cause of the union and while his faithful wife couldn't vote with him she was of the same kind and loyally stood by him in all things. When it was announced that women might vote this year Mrs. Sargent declared her intention to vote the Republican ticket if circumstances would permit and she earnestly prayed for good weather that she might be able to get to the polls and deposit her ballot.

The day as all that could be asked and early in the morning her dutiful son William, with whom she lives, hitched the horse to the buggy and took her to the voting place. At once all most respectfully made way for her and with the help of Allison Thomason her son aided her from the buggy and to the booth, where she cast a straight vote for the Republican nominee as far as the ballot went.

COUNTESS BERNSTORFF INSPECTS DEUTSCHLAND

First Visit Aboard a Submarine—
Ambassador Reiterates His Visit
Is Only a Social One.

New London, Conn., Nov. 7.—Countess Von Bernstorff, wife of the German ambassador, inspected the German undersea merchant liner Deutschland here today. It was her first visit on board a submarine. She was the guest of Captain Paul Koenig, the Deutschland's commander. The ambassador, who reiterated that his brief visit here was entirely a social one, accompanied his wife to the state pier, where the submersible, being loaded for her fourth trans-Atlantic voyage, lies hidden from public view. He boarded the craft, but did not make the inspection with the countess.

The ambassador denied formally today that he has entrusted to Captain Koenig official mail addressed to the emperor of Germany. It was learned, however, that certain mail matter from the German embassy at Washington will be carried by the Deutschland on her next trip. The ambassador and the countess left here this forenoon for New York.

DEMOCRAT TICKET IN SCOTT COUNTY WINS

Reports from all precincts but Two Show Republican Defeat by Small Margins—Other Winchester News Notes and Personals.

Winchester, Ill., Nov. 7.—By majorities much reduced from former years, the Scott county Democratic slate seemed victorious here tonight, after all precincts had been heard from except North Winchester and Bluffs.

Following are the successful candidates: J. W. Kellum, circuit clerk, majority over Arthur Leitzer, 51. T. J. Priest, state's attorney, majority over J. A. McKeene, 67. T. W. Webster, coroner, majority over Dr. Harry Day, 119. Elmer Walker, county commissioner, majority over Albert Krueger, 34.

As the other two precincts are known to be strongly Democratic it is not though likely that reports from them can offset the present lead.

Women turned out in good numbers all over the county. Women of the Christian church served lunch all day in the Biernbrauer building. Several former Winchester people came home to vote and altogether the vote was perhaps the largest ever polled in the county.

No figures were available on the head of the ticket, tho it was reported that South Winchester went for Hughes. Wilson carried the county.

In North Winchester there were 291 men's votes cast, and 275 women's. In south Winchester precinct the vote was men, 392, and women, 329.

BURGLARS MAKE HAUL AT PISGAH AND CONCORD

Safe Blowers Make Away with Money and Stamps at Concord—Store of J. T. Berry Is Robbed.

Two post offices of Morgan county were robbed Monday night and late Tuesday evening no definite trace of the burglars had been discovered. The safe in the store of Onken, Myer & Cratz at Concord was blown about 3 o'clock Monday morning and a quantity of stamps, papers and currency was taken. At Pisgah the loss was about two hundred and fifty dollars, thieves entering the store of J. T. Berry & Co., where the post office is located and making away with about \$200 worth of stamps.

Mr. Berry had retired about 9 o'clock Monday night and knew nothing of the robbery until he opened the store at 7 o'clock the morning following. The intruders made entrance thru a side window or thru the cellar and opened the safe by working the combination. Bloodhounds were ordered from Decatur by Sheriff Graft, who was at once notified. The trail of the robbers ended abruptly and it was agreed that they had made their getaway by rig or auto.

Tuesday evening Ben H. Wilson found all the checks under the safe at Mr. Berry's store. They totaled \$281.48 and were at first thought lost along with the stamps and fifty dollars in cash taken.

No facts were available Tuesday night on the amount of the loss at Concord as Mr. Cratz did not care to give any estimate of the stamps and cash taken. It is known however that the amount obtained was considerably less than was at first reported. Entrance to the front door had been obtained by use of a skeleton key by men evidently skilled at the business as the dynamiting was neatly done and no one in the village was awakened by the report. It is not thought that the robbery had any connection with the one at Pisgah as the burglars evidently made their getaway on the 3 o'clock C. B. & Q. train for the south. A reward was offered by the firm for apprehension of the robbers but at last report there was no clew of any kind.

Mr. Priest is now sole agent for Lee Puncture Proof Tires in Morgan and Scott counties and that added to (Eureka Motor Oil) to be used on the best of all cars (The Ford), means the last word in car service, and this combination places Mr. Priest first in the sale of cars, first in service and first in the hearts of his countrymen.

—Round Oak Heater or Range—

Warmth and Comfort for Snappy
Winter Months.

In selecting your base burner why not combine these two ideas, warmth and comfort? Did you know in the selection of the ordinary base burner you simply have warmth? The air is as dry as a bone. Such heat robs the family of health and vitality. Compare this condition with the owners of the genuine Round Oak Base Burner. Remember Moisture Is Essential to Health. The Round Oak Folks have built into this hard-coal stove a water pan of proper size and ideal location so that it returns to the air the moisture stolen during the process of heating. The air in your home will be as balmy as in June. This vital improvement is patented, and yet it is only one of the three that will, we believe, determine your choice in favor of this stove. Won't you come and let us show you?

Our New Cast Range

The Best Goods for the
Price, No
Matter What the
Price

Always a Good Buy

The sound investment in a stove cannot always be determined the first year. It takes years to demonstrate the true worth, efficiency, and superiority of a heating stove. However, there are certain facts which point out the stove that renders the greatest service. Consider the Round Oak Double Burner. Its seamless ash pit with door ground on, is proof positive of fire control; its double fire pot and grate construction, make possible the saving in the consumption of all fuels; its boiler-iron body, extra-heavy, assures a generation of service; its doorframes riveted on, gas-tight, assure strong and air-tight fitting. There are three other features which we want you to know about. Come in and ask us.

This Is Our Range Policy

We do not care to sell you a range that is not so good in every respect as though the purchaser had personally selected the materials and himself watched the process of construction.

Too much is invested in a genuinely good range to guess. That's why we invite you to examine closely the Round Oak Copper-Fused Boiler-iron Chief—the range incomparable. It will exceed your demands. Come this week.

To further acquaint our customers with the knowledge of the famous Round Oak stoves being added to our extensive lines of high grade Home Furnishings, we will include during this week 1000 pounds coal with every Round Oak Heater or Range — Don't Miss this liberal offer.

HILL'S DREAM OF LINE TO SOUTH WILL COME TRUE

Purchase of Road in Mississippi is Announced—Shows Intent of Empire Builder—Jacksonville Will Thus Be on a Great Lakes to the Gulf Line.

That Jacksonville will at no very distant date be a city on the main line of the Burlington railroad extending from the lakes to the Gulf is not an idle dream. The Rock Island Union tells how the plans of the late James J. Hill are now maturing. When the line between this city and Concord was built an important step toward a great south connection was made. The Rock Island Union says:

Direct trains between St. Paul Minn., and Mobile, Ala., over the lines of the Burlington road, direct trains and uninterrupted shipment from St. Paul and the Great Lakes to the Gulf, that is the prospect held out for the very near future. It is culmination of a long cherished dream of the late James J. Hill, empire builder and railroad manager, that again stamps him as one of the keenest of railroad men in the country.

The Burlington as a transcontinental road has taken first rank among the railroads of the country and especially since it became a Hill property. It was one of the pioneers of the western railroads and a big factor in building up the west. When Mr. Hill secured the road he saw an opportunity for development in another direction. To his mind the rehabilitation of the south, the building of the Panama Canal and the general development of the country, suggested the feasibility of a north and south line that would be first in the field of new development. About ten years ago he purchased a line running from Concord to Hermin, Ill., thru Jacksonville. It was known as the Jack line. It was not much of a railroad, in fact railroad men referred to it as Jim Hill's two sticks of rust, but the empire builder smiled.

Then he surprised them all by rehabilitating the road and extending it to the Ohio river at Metropolis, tapping one of the richest coal fields in southern Illinois, and indicating he desired an outlet to the south.

By way of traffic arrangements with other roads he entered Paducah, Ky., and Cairo, Ill. He made arrangements with southern roads and shipped to the gulf. But this was not his dream. The idea of Mr. Hill was a road owned by the Burlington from the extreme north of the country to the gulf. He saw possibilities that had been overlooked.

Railroad men began to see the drift of his purpose and marveled but still they smiled. At the present time the Burlington road is building a \$3,000,000 railroad bridge over the Ohio river at Paducah, Ky. Nobody thought this bridge was being built for a mere whim. They knew Mr. Hill too well for that, and then they began to wonder what would happen next. It has happened.

Today comes word that the New Orleans, Mobile and Chicago road, has practically been taken over by the Burlington, connections being made at Jackson, Miss., and the courts have sustained the deal. If the plans of James J. Hill are carried out, the road will be improved, and the dream of the empire builder will be realized in the first and shortest lakes to gulf and north and south road in the country extending from St. Paul to Mobile and New Orleans and from Chicago to the Gulf.

The development of the south, the Panama Canal all the factors that Mr. Hill foresaw will prove important to this road, and the products of the south will be brought over this line in profusion.

New markets, new direct markets are opened to the manufacturers of this section and the Burlington road will take on new importance as one of the largest and best railroads in the country. The plan has been long in making, the dream slow in realization but the task seems completed and the great dream of a north and south road has come true.

TWO WARSHIPS ARE SUNK IN A DUEL

Italian Destroyer Attacks Austrian Submarine in Act of Attempting to Torpedo Transport—Both Go Down.

Rome, Monday Nov. 6.—Via London, Nov. 7.—An Austrian submarine and an Italian destroyer were sunk in a duel on the night of October 16, according to an official statement issued by the admiralty today. The submarine had attacked a transport which escaped.

The text of the statement follows: "The Austrian submarine attempted on the night of October 16-17 to torpedo one of our transports carrying troops, but was discovered and attacked by a convoying destroyer. The submarine and the destroyer sank while the transport reached its destination safely. The majority of the crew of the destroyer were saved and two officers and eleven men of the crew of the submarine were made prisoners.

"On the night of November 1 our destroyers, after crossing boldly and successfully a mine zone and surmounting by their daring solid obstacles defending the Fasana-Pola canal, managed to enter the customary anchorage of part of the Austrian fleet. Two torpedoes were fired against one large ship and were observed to catch in the vessel's torpedo net.

"For two hours our destroyers reconnoitered within a few hundred yards of the forts and strong citadel of Pola and only withdrew when they had accomplished difficult and most delicate missions. Numerous powerful searchlights beat the sky and sea and batteries opened random and futile fire.

"On the night of November 3, several of our destroyers sank a large Austrian steamer anchored at Durazzo under the shelter of defense and a mine zone. Enemy destroyers came out and were attacked by our ships which forced their retreat. Our destroyers then returned safely to their base. On November 4 three enemy destroyers appeared at dawn before Santa Padiolmura and began to bombard that part of the coast, altho no military works are there. One of our armored trains rushed up, engaged and drove off the enemy. Two destroyers were hit, one was seen with a heavy list being assisted by others. The enemy fire was ineffective, one railroad man being slightly wounded and small damage done to private property."

The families are under quarantine. The little girl is doing nicely and

her recovery will be only a matter of days.

The many friends of L. E. Bayless were very much pained to hear of his second stroke of paralysis which took place about 5 p. m., on Friday while he was returning from the barn to the house. Dr. E. M. Roberts of Chapin is his physician and reports his case as being very serious.

R. E. Abernathy cried a sale for his brother, Roy Abernathy on Saturday afternoon.

Our item in Saturday's Journal should have said a broken wheel of the car was the cause of the accident to the little girl.

Minister L. M. Mullikin was a Jacksonville visitor on Saturday. Mrs. Moody and sister returned to their home at Anconia on Saturday after an extended visit with Mrs. L. M. Mullikin at the Christian parsonage.

Edgar Cooper is in rather poor health these days. There will not be any school at

Pleasant View this week, due to the one case of scarlet fever.

Phillip Weser of Christian county has been visiting relatives near here. Lewis Alderson received word on Sunday that Mrs. Mabel Alderson-Miller, daughter of Mr. and Mrs. E. L. Alderson of Grant City Mo., had died at her home there. Lewis Alderson and Mrs. Jeff Duckett plan to attend the funeral. The deceased formerly lived near Chapin, and was a relative of the Journal's correspondent.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Dr. Price's Cream Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

NEWS NOTES ON SPORT.

Chicago.—The Chicago Nationals have signed a promising first base candidate in Edward McGinnis, a young giant from Boston. McGinnis is six feet two inches tall and weighs 180 pounds, and bats and throws left handed. He is 19 years old.

The recruit has been instructed to report here February 20 for the spring training trip to the coast, as it is reported that Vic Saler, the first baseman of the club, may be unable to start the season because of the poor condition of his eyes.

Chicago.—George "Knockout" Brown, a middleweight, is to make another trip to Australia to box Les Darcy, the Australian champion. Brown plans to sail for Sydney on November 27. In addition to his return with Darcy, Brown will engage in four other contests in the Antipodes.

Cleveland, Ohio.—The Cleveland club of the American league has declined the invitation of the Chamber of Commerce of Natchez, Miss., to establish a spring training camp there. Natchez offered to build a club house for the players and promised every other convenience, but Robert McKoy, vice president of the club, said that the club was under contract to train at New Orleans until 1918.

Cleveland, Ohio.—Swimming is to be added to Cleveland's inter-city sports. The Cleveland Athletic club is negotiating with athletic clubs in Columbus, Detroit and Pittsburgh to form a league in which each club will have both a swimming and bowling team. Each club is to hold two meets with the other clubs.

Detroit, Mich.—If the trip with the New York National League club proves successful next spring, it is quite probable that the Detroit Americans will cut down the length of their season at the southern training camp. Manager Jennings and most of the players believe that the long siege of training at a spring camp does more harm than good because the majority of major league players

WEAK, NERVOUS OHIO WOMAN

Made Well By Delicious Vinol

Bellefontaine, Ohio.—"My blood was very poor—I was in a weak, nervous, run-down condition. I tried different remedies without benefit and one day my druggist told me about Vinol. I tried it and it built me up in every way—blood, strength and nerves, and I tell my friends it is the best medicine on earth."—Mrs. Earl Brunson.

Vinol, which contains beef and cod liver peptones, iron and manganese peptones, and glycerophosphates, sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength. Lee P. Allcott, druggist, Jacksonville. Also at the leading drug stores in all Illinois towns.—Adv.

IN FIVE MINUTES! NO INDIGESTION GAS OR SOUR, ACID STOMACH

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.—Adv.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother. If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

ers keep in reasonably good condition during the winter months. Jennings believes that best results could be obtained from a shorter stay in camp to condition his men, followed by a series of sharp games with major league opposition.

FARM THEMES

Salesmen to Study Agriculture Would Help the Farmers

Springfield, Ill., Nov. 7.—Special.—So that they may be of greater service to the farmers of America with whom they come in daily contact, the 3,000 salesmen, blockmen and general agents of the International Harvester company in the United States will study improved farming methods at movable agricultural extension schools, conducted during the fall and winter in thirty-five cities in all parts of the country. These schools are now holding a two days session in this city, salesmen from many other places being present.

Today, more than ever before, world conditions demand that every acre of American farm land should be made to yield its utmost and that the fertility of the soil be preserved and built up. We must understand the need of crop rotation. We must know how to fight weeds and insect pests, smut and black rust. We must be familiar with the diseases of farm animals and how to prevent them. We must have many opportunities to give advice and assistance—to show by actual demonstrations how better crops or more profitable results in dairying or live stock may be obtained.

Because of these opportunities for service; because of the need of giving the farmers every assistance possible; because of a desire to be of practical help to the people, to make farm life and community life better, the sales and agricultural extension departments of the Harvester company are co-operating in this new line of extension work.

The movable schools are being conducted by Prof. P. G. Holden, director of the agricultural extension department. Prof. Holden is assisted by several members of his staff and the instruction will be thorough on all agricultural subjects of importance in those communities where the schools are held. In addition, many insect enemies of plant life are being exhibited that the salesmen may become familiar with them, with their work of destruction and with the best methods of combating them.

In each city where these agricultural schools are held the sessions will last two days and salesmen from neighboring cities, as well as local salesmen, will attend. As soon as the school closes in one selling district, it will move on to another district, until each of the four selling districts has been covered.

MANCHESTER

Miss Nellie Darst of Roodhouse visited Mrs. Belle Gidney Saturday.

Mr. and Mrs. Everett Curtis and baby, Mary Elizabeth of Rincon, New Mexico, spent Saturday afternoon and Sunday with J. R. Hemins and family. This week they are visiting numerous other relatives in the Curtis family. Everett is the son of Douglas Curtis who lived on the Curtis homestead west of town for many years, but for a number of years the family have been in Missouri. Everett is an engineer on the Santa Fe railroad running between Albuquerque, New Mexico and El Paso, Texas. They are enroute home from a visit in Kentucky with Mrs. Curtis' parents.

Some of our people motored to Springfield Sunday afternoon; among them were L. C. Funk and family, Robert Vantyle and family, Herbert McConnell and wife and C. D. Chapman and wife, R. Curtis and wife and Roy Curtis and wife.

Mr. and Mrs. Walter J. Chapman and children of Jerseyville spent Sunday with Robert Chapman and family south of town.

J. H. Langdon is not so well again. Elder Webster Riggs preached in the Baptist church Sunday night. Mr. and Mrs. Riggs reside in California but are here for an extended visit. He has been pastor of the church out west but is taking a much needed rest.

Mr. and Mrs. Geo. Staples of White Hall visited here Sunday.

Mr. and Mrs. Guy Brown spent Sunday in Winchester visiting relatives.

The Baptist Ladies served lunch in the Watt building Tuesday, election day.

Mr. and Mrs. Ernest Roach and two sons and Mrs. M. R. Range and little daughter, all of Jacksonville, were here Monday afternoon calling on Mrs. C. L. Leitz.

WILL PRESENT NEW CONTRACTS TO PLAYERS

CHICAGO, Nov. 6.—New contracts will be presented to American and National League baseball players when the season for signing comes, according to B. B. Johnson, president of the American League. Johnson also said that these new contracts would not be the handiwork of David L. Fultz, president of the Players' Fraternity, attorneys for the major leagues being the only ones engaged in the drafting of the contracts. President Johnson decided the clause for forfeiture of pay by injured players was incorporated in the present contracts, and those in force now were satisfactory to the two leagues, Mr. Johnson said.

BIDS ASKED

Sealed bids will be received by the city of Jacksonville at the office of the city clerk up to 10 a. m. Monday, Nov. 13, 1916 for 10,000 square feet more or less of concrete sidewalks in East State street, as provided by ordinance duly passed by the city council August 14, 1916. The right is reserved to reject any or all bids.

REWARD.

Stolen from E. A. Ranson's buggy, Nov. 5th, one heavy laprobe, one side black, the other brown, interlined with rubber. Edges brown and red. The A. H. T. A. No. 158 will give a reward of \$10 for information leading to the arrest and conviction of guilty party and \$5 for return of robe.

A SENSIBLE CIGARETTE IS EASY TO "DIGEST"

No word can describe that mean feeling which often follows smoking a poorly-blended but otherwise good cigarette. Such a cigarette might be called "indigestible."

On the other hand, Fatimas always give comfort. They "digest" easily, smoothly as only a delicately balanced Turkish blend cigarette can. And best of all, Fatimas leave a man feeling fine and fit—yes, even after a long-smoking day. That's why men call Fatimas "sensible".

KANSAS CITY MARKETS
Kansas City Stock Yards, Nov. 6.
—Generous buying chiefly of the
stocker class, the bulk going to near-
by territory in Kansas and Missouri,
and increased shipments to Western
Kansas and Oklahoma for wheat
field grazing, were features of the
trade in stockers and feeders here
last week. Shipments out were 32-
000 head. The supply consisted of
cleanup shipments from the Kansas
grazing section, a fair run from
western ranches, the best grades closed
10 to 25c lower, and medium to com-
mon grades 25 to 40c off. On
the other hand killing grades of
steers advanced 25 cents during the
week, which makes the feeding mar-
gin more attractive than it has been
in the whole experience of a good
many feeders, killing cattle of any
degree of finish now selling 2½ to 4
cents a pound above cost price of
feeders and stock cattle. Receipts
Monday of this week were 25,000
head, including 2000 calves, and the
market was similar to the trend last
week, strong to 15c higher on killing
cattle, and barely steady on stockers
and feeders. Offerings Monday in-
cluded some large shipments from
the range country, one lot of eleven
car loads of Hereford yearlings from
the Panhandle selling together, 445
head, at \$7.49, 637 pounds average.
A drove of good mountain yearlings
from Colorado weighing 610 pounds
sold at \$7.15 Monday. Medium stock
steers sell at \$6.25 to \$7.00, and
feeders \$6.85 to \$7.75, with choice
fleshy steers up to \$8.50. Occasion-
al lots of cleanup stock steers can be
bought under \$6. A Kansas feeder
fatted several hundred common
steers last winter, which cost \$5.55
on an average when bought in the
fall and which sold around \$8.50 in
April this year, and the medium to
common grades of stockers and feed-
ers have many friends who figure
them somewhat along that
